Carburetor

## SPECIFICATIONS

By Popular request we have assembled a great combination of Edelbrock parts. ATK Performance has gathered all of the good stuff to make a great engine package. This 469/515 includes every thing you need to power up that ride.

**Stage:** 3

**HP:** 469

**TORQUE:** 515

**Engine Type:** Chrysler Big Block V8

**Displacement (cu.in):** 440

**Block:** OE

**Bore / Stoke:** 4.320 X 3.750

**Crankshaft:** Nodular Steel

**Rods:** 4340 I Beam

**Pistons:** Forged

**Rings:** Moly

**Camshaft Type:** HYD. Flat Tappet

**Camshaft Lift:** .480 IN X .495EX

**Camshaft Duration @.50:** 238 IN X 246 EX

**Cylinder Head Type:** Performer RPM

**Chamber Size:** 84 cc

**Valve Size:** 2.14 IN X 1.81 EX

**Intake Runner Volume:** 210 cc

**Compression Ratio:** 10.1:1

**Rocker Arm Type:** Roller Shaft Type

**Rocker Arm Ratio:** 1.6:1

**Sheet Metal:** V/C, Chrome T/C, Black O/P

**Recommended Fuel:** 92 Octane

**Ignition Timing:** 36 Degrees Total Advance

**Max RPM:** 5800

**Warranty:** 24/Unlimited

**Dyno Proven:** YES

## **ABOUT ATK ENGINES**

---

**ATK Engines is proud to maintain a 70+ year history of engine building. ATK's sister company, VEGE Moteren, was founded in Holland in 1936 and developed their business by remanufacturing components for ex-military vehicles left in Europe by American forces following World War II.**

This was a difficult period for most of Europe during which civilian cars and trucks were, for the most part, either damaged or destroyed beyond repair. By making remanufactured components available for these American cars and trucks, VEGE Moteren helped get the European economy back on the road again. Fast forward to current day where ATK/VEGE is proud to offer over 1,500 products and provides its service to over 40,000 US customers a year. With over 70 years of building experience and having achieved ISO/TS 16949 quality (highest level offered), ATK felt that it was ready to launch a High Performance Division. When you buy an ATK High Performance Engine you are buying an engine that is designed to be better than new. ATK reverse-engineers all of our engines to ensure that any factory defaults are eliminated.

The addition of brand new component parts make for a High Performance Experience that is truly unique; unlike much of the competition, at ATK, What's Inside Matters
